Furniture Systems

1 Idro

Designed by Castiglia Associati, the Idro collection features drawers with an integrated recessed grip profile for a minimalist expression. The units and cabinets can be customized for size, surface material, washbasin style and more.

Materials Lacquered structure

Dimensions Multiple

Manufacturer Scavolini, scavolini.com

2 Ketho.2

Integrated anthracite handles run horizontally along the fronts of the Ketho.2 series by German industrial designer Christian Werner, accentuating its rectangular volumes. The tall cabinet and multiple vanity options have self-closing drawers and doors and feature efficient organization systems inside.

Materials Wood in 15 finishes

Dimensions Multiple

Manufacturer Duravit, duravit.us

3 Markham

With slim horizontal pulls and inlay detailing, the Markham vanity collection has understated sophistication. A clean-lined metal frame elevates the cabinets, which are available with three or six drawers.

Materials Plywood, quartz

Dimensions Multiple

Manufacturer Bemma, bemmadesign.com

4 Borderline

Italian architect and designer Carlo Colombo appointed Borderline with a curved metal handle and a variety of drawer dividers and partitions that max out organization and storage. Wall-mounted or freestanding, the modules can support up to two wash basins (integrated or top-mount) with plenty of extra surface space.

Materials Ash, aluminum, marble

Dimensions Multiple

Manufacturer Antoniolupi, antoniolupi.it

More than 200 finishes are available for Idro, including the punchy Morocco Red matte lacquer shown
