

Wall-Hung Vanities

1 Miko

At once elegant and understated, the Miko collection involves a variety of materials, finishes, colours, profiles and dimensions, which allows for configurations that meet almost any want, need or style.

2 MA

Named for the Japanese concept of negative space, MA, by Foster + Partners, features clean-lined geometric volumes and slender stainless-steel stems that provide water flow — as well as hooks for towels and robes, shelves, and a stand for an illuminated mirror (not shown).

3 Meridian

Defined by lines etched in its smooth natural stone surfaces, the Meridian collection was inspired by the energy pathways of the human body. Rounded corners and natural wood accents enhance the refined beauty of the modular elements.

Materials Seven stones (Bianco Diocleziano shown)

4 Hito

A brilliant display of minimalistic functionality, Hito, by Piero Lissoni, celebrates daily rituals through its various stone, glass and wood modules that can be combined to create highly personal solutions. The collection includes washbasins, a mirror and pouffe.
